SANY STC800 Truck-Mounted Crane

Our Product Introduction

Basic Information

- Brand Name: SANY
- Model Number: STC800
- Payment Terms: T/T

Product Specification

- Core Components: Motor, Pump, Engine
- Rated Load: 20TONS
- Condition: Used
- Machine Weight: 14000kg
- Maximum Reach At Ground Level: 10,300 Mm
- Item: Kubota Excavator
- Made Year: 2007
- Working Condition: Great
- Weight: 17.9 T
- Maximum Digging Depth: 6,700 Mm
- Showroom Location: United Kingdom, Thailand, Japan
- Hydraulic Pump Brand: Original
- Climbing Ability: 35°
- Make: Cat

Our Product Introduction

Product Description

The SANY STC800 is an advanced truck-mounted crane designed to provide exceptional lifting capabilities in demanding construction and industrial applications. With a powerful 80-ton lifting capacity, this crane is built for handling heavy loads with precision and efficiency. Its robust design and cutting-edge hydraulic system ensure reliable performance, making it a preferred choice for a variety of projects, including construction, infrastructure, and industrial lifting tasks.
Mounted on a heavy-duty truck chassis, the STC800 offers superior mobility, enabling operators to easily transport it across different job sites. The crane's telescopic boom provides impressive reach and height, allowing for versatile lifting solutions in challenging environments. The user-friendly control system ensures smooth operation, while advanced safety features help to prevent accidents and ensure safe lifting procedures.
Whether for heavy materials handling, building construction, or other high-demand tasks, the SANY STC800 delivers top-notch performance, stability, and flexibility, making it a reliable choice for any heavy-duty lifting project.
